

Day 1

Arrive Reykjavik

Welcome to Iceland!! Upon arrival, Individual transfer by Flybus shuttle bus from Keflavik airport to your accommodation in Reykjavik. You may explore Iceland's capital city on your own if time allows.

Day 2

Breakfast

Reykjavik - Borgarnes

This morning, meet your tour guide who shows the group the highlights of Iceland's exciting capital. Then we head west. We stop in Borgarnes and learn about Iceland's earliest days at the Settlement Center. Next we head to Borgarfjörður, known as the Saga Valley because of its many important historical events. Get a chance to climb the Grábrók volcano crater and visit Deildartunguhver, Europe's most powerful hot spring. Hraunfossar is a series of waterfalls pouring from beneath a wide lava field. Barnafoss – the Children's falls, is nearby with its own tragic tale. The afternoon includes a lecture about Northern Lights. After dinner, step into the hotel garden in search of the Northern Lights followed by a hot cup of chocolate or tea.

Day 3

Breakfast

Borgarnes

Explore the Snæfellsnes Peninsula, "the peninsula of the snowy mountain", juts out from Iceland's west coast, like a long arm with a clenched fist at its tip, and is in many ways a microcosm of the whole island. A rugged mountain chain runs its length. Visit the fishing village of Grundarfjörður, a place with an impressive coastline and mountains, lakes and waterfalls behind the village. One of the most photographed and famous mountain in Iceland, Kirkjufell, can be seen jutting out into the bay. Visit Arnarstapi and Hellnar before experiencing the area from below, inside Vatnshellir cave. We take you 35 meters underground and about 200 meters into the lava tube under the glacier Snæfellsjökull! On the way back to Borgarnes the guide gives you some practical tips on how to photograph the Auroras as part of the Northern Lights Academy program. Naturally, once darkness falls, we are out in the hotel garden to chase the Northern Lights and to soak in the hotel's outdoor hot tubs.

Day 4

Breakfast

Borgarnes – Hella

Travel along the Hvalfjörður fjord. The first stop is at an Icelandic wool outlet store, to see what they do with all those sheep! Continue inland to Þingvellir National Park, a UNESCO World Heritage site. Travel the Golden Circle route, see steam rising from the Geysir geothermal fields. The chef of the Restaurant Geysir invites you to taste freshly baked hot spring bread served with Icelandic butter, boiled eggs and herring. On we travel to double

waterfall of Gullfoss. In the afternoon, learn about the Icelandic horse, its unique qualities and history and visit a geothermal greenhouse, before reaching the accommodation in South Iceland. Tonight, step into the darkness and search for the elusive Northern Lights in the peace and stillness of rural Iceland.

Day 5

Breakfast

Hella - Kirkjubajarklaustur

Today we travel along the South coast. At the Lava & Volcano Exhibition Center, learn about geology and active volcanoes. Further east we visit one of Iceland's finest folk museums. This museum contains an outstanding collection of farm and domestic artefacts from Iceland's past and several turf-built houses. Nearby is Skógafoss waterfall which is 60 meters high and one of the most impressive waterfalls in the country. In the afternoon take a stroll on the black lava beach and along bird cliffs at Reynisfjara in South Iceland. We spend two nights near Kirkjubæjarklaustur in the Vatnajökull National Park region, located in darkness and ideal for Northern Lights search.

Day 6

Breakfast

Kirkjubajarklaustur

Today's program is all about glaciers, ice and icebergs. We travel to Jökulsárlón, a glacial lagoon filled with floating icebergs, and we explore the amazing site and might see seals swimming in arctic waters. You can walk on the black sandy beach, the so-called Diamond beach, where large icebergs get stranded. In the afternoon we visit the tiny turf church at Hof and spend time at Europe's largest national park, which has Iceland's highest mountains, an alpine environment, and Europe's largest glacier. In the evening enjoy a film presentation about the Northern Lights as part of the Northern Lights Academy program. Be careful not to go to bed too soon in this remote and quiet location, or you may miss out one more chance of seeing the Northern Lights shimmering and dancing across the night sky.

Optional Ice Cave Tour offered between October-April (weather permitting)

The tour takes about 2,5 hours in total – a 30-minute drive by 4x4 vehicle from the Jökulsárlón glacier lagoon and 5-15 minutes hike (one-way). You spend about one hour inside the ice cave. You need good hiking boots, warm clothing that keeps you dry from the dripping water in the ice cave. Minimum age is 10 years old. The ice cave tour can be booked on day 2 of Northern Lights Exploration tour. The ice cave explorers meet their local guide at the glacier lagoon and will be brought back to the hotel after the ice cave tour, while the rest of the group continues the official tour program. The ice cave explorers will miss out on some of the official tour programs, as there is no time for everything, but the stop and visit at the Jökulsárlón glacier lagoon are included for all group members.

Price per person RM 775

Day 7

Breakfast

Kirkjubajarklaustur - Reykjavik

From Kirkjubæjarklaustur we head across the Eldhraun lava field to the village of Vík, where we make a photo stop. The black lava beach with high bird cliffs and pounding waves is awe-inspiring. Further west we reach the high but narrow Seljalandsfoss waterfall which plunges from the mountain. In the afternoon we get to soak in the famous Blue Lagoon. We reach Reykjavík around dinner time for one last night.

Day 8

Breakfast

Depart Reykjavik

According to your flight departure time, Individual transfer by Flybus shuttle bus from your accommodation in Reykjavik to Keflavik International Airport.

RAMA RAMA HOLIDAYS SDN BHD (202201000907 (1446604-K))
